Commodity EXIM Report

DGCI & S, I T J Division

The weekly EXIM Report published by ITJ Division of DGCI&S, Kolkata presents some basic insights into India's export and import trade patterns w.r.t. selected set of commodities identified each week in order to facilitate preliminary commodity group/sector specific analysis for better policy making.

2. For both categories of trades, one commodity group is chosen from the entire ITC-HS 4-digit Classification (latest being 2023-2024 classification system). The Indian Trade Classification based on Harmonized System has been adopted in India for Export and Import Operations. While India specific data is sourced from DGCI&S, M/o C & I Database, global export-import data of exactly those sets of commodities are sourced from UN-Comtrade Database.

3. As regards the time-period, this report outlines trade statistics over a period of four years. Currently (for reports being prepared in FY 2023- 2024) we are considering the time-period of 2020-2021 to 2023-2024(Financial year data). The latest finalized data available on the UN Comtrade Database is only up to year 2023 (Calendar Year) and on the DGCI&S Database up to May, 2024. So, for each commodity group dealt in this report, trends from 2020 to 2023 have been showcased where data has been sourced from UN Comtrade and from 2020-2021 to 2023-2024 when sourced from DGCI&S database; however, for computation of commodity group's share in India's overall export and import basket we had to use FY (financial year) data as all aggregate level data in India are represented in FY format.

4. In the instant report [3rd weekly Commodity Exim Report of June, 2024 dated 19th June, 2024] the following two commodities have been dealt with.

Export : Foot wear with outer soles of Rubber, Plastics, Leather etc [ITCHS Code –6403] -In FY 2023-2024 (April,2023 –March,2024) this commodity group has 0.41% share in India's total Export value basket as per DGCI&S data base. India had occupied the 3rd slot in export of this commodity (1835.31 million USD) with 4.23% share of total global exports in the year 2023.

Import : Coconuts, Brazil nuts and Cashew nuts Fresh or Dried [ITCHS Code – 0801] –In FY 2023-24 (April 2023 – March,2024) this commodity group had share of 0.21% in India's total Import value basket as per DGCI&S data base. India having 11.73% share of total global imports of this commodity (3350.23 million USD) occupied the top slot in the world in 2023.
