Commodity EXIM Report

DGCI&S, ITJ Division

1. The weekly EXIM report published by ITJ Division of DGCI&S, Kolkata presents some basic insights into India's export and import trade patterns w.r.t. selected set of commodities identified each week in order to facilitate preliminary commodity group/sector specific analysis for better policy making.

2. For both categories of trade, one commodity group is chosen from the entire ITC-HS 4-digit Classification (latest being 2023-2024 classification system). The Indian Trade Classification based on Harmonized System has been adopted in India for Export and Import Operations. While India specific data is sourced from DGCI&S, M/o C & I Database, global export-import data of exactly those sets of commodities are sourced from UN-COMTRADE database.

3. As regards the time-period, this report outlines trade statistics over a period of four years. Currently (for reports being prepared in FY 2023- 2024) we are considering the time-period of 2020-2021 to 2023-2024(Financial year data). The latest finalized data available on the UN Comtrade database is only up to year 2023(Calendar Year) and on the DGCI&S database up to January, 2025. So, for each commodity group dealt in this report, trends from 2020 to 2023 have been showcased where data have been sourced from UN Comtrade and from 2020-2021 to 2023-2024 when sourced from DGCI&S database; however, for computation of commodity group's share in India's overall export basket and import basket we have had to use FY (financial year) data as all aggregate level data in India are represented in FY format.

4. In the instant report [1st weekly Commodity Exim Report of April,2025 dated 2nd April, 2025] the following two commodities have been dealt with.

Export: Men's or Boys' Suits, Ensembles, Jackets, Blazers, Trousers, Shorts etc. [ITC HS Code –6203] -In FY 2023-2024 this commodity group had 0.23% share in India's total Export value basket as per DGCI&S data base. As per UN Comtrade database India had occupied the 9th slot in export of this commodity (1006.54 million USD) with 2.52% share of total global exports in the year 2023.

Import: Oils and other Products of the Distillation of High Temperature Coal Tar; etc [ITC HS Code – 2707] –In FY 2023-24 this commodity group had share of 0.21% in India's total Import value basket as per DGCI&S data base. India having 5.64% share of total global imports of this commodity (1283.24 million USD) occupied the 5th slot in the world in 2023.
